

MOVE BEYOND COMPLIANCE WITH BETTER AUDITS AND INSPECTIONS

A simple cloud software solution that helps you benchmark your EHS & sustainability performance and pursue new levels of excellence.

Core Capabilities

- Compliance Audits
- Self-Assessments
- Behavioral Based Safety (BBS) Observations
- Routine Inspections
- Management System Audits
- Enhesa Integration

Audits & Inspections Made Easy:

As an EHS professional, you need a reliable way to gauge your EHS and sustainability performance against any number of regulations, internal policies and industry standards. When you're responsible for audit & inspection programs across complex facilities or large enterprises subject to multiple regulatory jurisdictions, managing it all can be overwhelming.

The VelocityEHS Audit & Inspection product enables you to conduct audits, inspections, and behavioral safety observations across your entire organization using a single, centralized software system. Quickly and easily deploy an unlimited number of pre-built and custom checklists to pinpoint non-conformances and potential hazards, and instantly initiate corrective actions to bring your compliance up to speed.

Making the complex simple is what VelocityEHS does best. Our easy-to-use mobile solution lets you coordinate your audit and inspection programs anywhere, anytime, and gives you the visibility, flexibility and control you need as an EHS leader to drive EHS & sustainability performance.

Don't Go It Alone

As your business grows, so does the size and complexity of your audit and inspection programs. Measuring compliance with the mounting list of state, federal, and international standards that apply to your organization becomes increasingly challenging. Without the right tools, managing audits and inspections can be too much to handle on your own.

The VelocityEHS Audit & Inspection solution was designed with feedback from EHS leaders like you, and is built upon industry best-practices to give you the best audit and inspection capabilities with the simplest, most engaging user experience available. For example, we offer Enhesa members direct access to custom-built checklists within our solution that help you master EHS compliance in more than 200 jurisdictions around the globe.

We simplify audit and inspection management so you spend less time and effort on compliance, and more time focusing on being an EHS leader.
